Whether you are a national champion or it's your first year of racing at the Friday night Y&J Racing Club this is the event for you. The Y&J coaches will be on the water during the races giving support and guidance to the less experienced racers.

The championships will consist of four races of about forty minutes each with the best three results to count.

Club boats can be hired for the event but please book with Dave at least a week before the event to avoid disappointment.
